The Library preserves and analyzes the requisition slips submitted by the users. This documentation helps to know the demand of the users for the reading materials. And, this feedback is carefully considered at the time of book selection for Library acquisition next time.

7.2.1 - Describe at least two institutional best practices

1. Our institution is located in rural area where majority of students come from farmers' family. Many of them belong to Tribal Community and economically backward family. We conduct two types of Counselling for them- Psychological counselling for motivation of students and Career Counselling for guiding the students to achieve the future career goal. Special remedial classes are organised for slow learners. 2. Students are encouraged to involve local rural primary students in various activities of college like Sports, Cultural programmes and various festivals

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

One of the primary missions of our college is to promote inclusive education and development amongst all economic sections of the society without gender bias. For the last 12 years, our institution has been providing higher education to the local rural students among which 70 are female. Pass percentage of them is considerably high and in some cases this is much more than the pass percentage of Vidyasagar University. Our ex-students are engaged in various jobs in The Indian Army, Schools, Colleges and Private sectors.
